

IN THE SPECIFICATION

Please cancel the entire specification of the subject U.S. patent application, as filed, including the List of Reference Symbols, as constituted by the verified translation of PCT/DE2003/002296, in favor of the concurrently submitted Substitute Specification. That substitute specification is the result of the entry into the verified translation of a cross-reference to related applications, and of suitable section headings; the deletion of the List of Reference Symbols and of references to the claims; the correction of minor errors in phrasing, grammar and punctuation, and a general revision of the verified translation, to place the substitute specification more in a form in accordance with U.S. practice. A marked-up copy of the verified translation, which shows the changes made thereto, to arrive at the substitute specification, is enclosed for the Examiner's review. These various changes do not constitute any new matter.
